March  
2024**

**Te Pae  
Christchurch**

**Conference  
& Exhibition**

**Transport Industry Conference**

Join us at the NTA/NRC | TMS Technology, Maintenance, Safety Conference & Exhibition, and be a part of the movement that is driving the trucking industry forward. Together, we can shape a brighter future for the Transport Industry.

NZ Trucking and National Road Carriers unite in our collective mission to create an opportunity to showcase the fast moving technological, maintenance and safety advancements in transport. This premier national event is your opportunity to connect with the company owners, senior managers, and the future workforce.

This conference is inspired by the ATA|TMC conference that is run every year in Melbourne, Australia, and the Brisbane Truck Show exhibition style.

We are proposing that this becomes a biennial event held over two days. There will be plenty of networking scheduled including industry awards. A Careers Transport event will be held for schools and training organisations to attend. Engaging keynote speakers, presentations, and much more.
