# WELCOME!

Are you interested in a transport career but know nothing about the industry, what careers there are and how to get into them? Then the Careers Trucking Showcase is the expo for you. Come along to be inspired. Talk to real industry people, learn about what it takes, ask questions and watch operators compete in the industry competitions.

Transport Careers are the best kept secret, come and discover them for yourself...

the transport industry is constantly on the go with ever increasing demands. This showcase provides a rare opportunity to see the industry gathered in place to offer guidance, and inspiration to anyone keen on starting a rewarding transport career.

This Guide Book is designed to help you plan your day at the Careers Trucking Showcase. You will find information about the participating exhibitors, to help you prioritise who you want to visit. There is also a show map to help guide you around the event, as well as key information about transport careers and pathways.

[nztruckingassn.co.nz/careers-showcase](http://nztruckingassn.co.nz/careers-showcase)  
[info@trucking.nz](mailto:info@trucking.nz) 0800 338 338

Visitors will be greeted by Crew members on arrival, who will be there to assist and guide you around the showcase.

Each company participating in the showcase will have a 'Careers Stop Sign' next to their exhibitor site.

When visiting a company, they will show you around their display, talk through what they do, the careers and training involved, and give you a chance to ask questions.

# TRANSPORT INDUSTRY CAREERS

*Expect to see a great range of businesses at the showcase and use the opportunity to ask questions and talk to real industry people.*

*Transport is not just about driving trucks...*

## **A** Truck Driving / Transport Operator

---

The variety of truck driving is huge; stock truck, concrete truck, longhaul, metro, furniture movers, tanker driver, bulk, tipper, crane-mounted truck

## **B** Technology, Telematics & Safety Systems

---

Transport is a high tech industry, with new trucks & software constantly evolving and camera, telematics and safety systems ensuring transport has an exciting future.

## **C** Health & Safety, Marketing and Sales

---

There are endless 'behind the scenes' careers in transport; from Human Resources, Health & Safety, Sales Representatives, Office Management, Marketing roles and so much more - all crucial to the smooth running of the industry.

## **D** Forklift and Crane Operator

---

Forklift operating can be a fantastic entry point, especially when starting the heavy vehicle licence process. Crane Operators are also in high demand, with great variety; from truck-mounted cranes to the huge 50m boom cranes.

## **E** Mechanics, Engineering, Tyre Technician

---

Trucks need continual maintenance, providing diesel and electrical mechanics with exciting career options. Trailer manufacturers and engineers are always in demand.

## **F** Logistics, Warehousing & Human Resources

---

Warehouse staff, Logistics Managers and Human Resource workers are just some of the important industry roles; ensuring freight demands are met in a safe and productive manner.

# PARTICIPATING COMPANIES

These businesses are exhibiting in the Careers Trucking Showcase, and would like to welcome you onto their stand to introduce you to what they do and the career or training opportunities available. Note the exhibitor site numbers below and locate them using the show map on the following pages.

A12

**Teletrac Navman**  [www.careers.vontier.com/us/en/teletrac-navman](http://www.careers.vontier.com/us/en/teletrac-navman)

At Teletrac Navman we are on an exciting journey developing the next generation of cloud-based fleet tracking solutions and products. We define ourselves not by what we do, but by why we do it. As a global SAAS business, we're always on the lookout for key talent in Software Development, Firmware Development, Quality Assurance Engineering (Software and Hardware), Product Management, Technical Writing, Product Training, and much more!

A6

**Scania New Zealand**  [dobigthings.co.nz](http://dobigthings.co.nz)  [careers@scania.co.nz](mailto:careers@scania.co.nz)

Founded in Sweden in 1891, Scania is one of the world's leading manufacturers of heavy trucks, buses and engines. With focus on sustainable transport, we work together to come up with solutions, tailor-made for our challenging New Zealand roads. Our people lie at the heart of our operations. With a dynamic and fun work environment, and a friendly culture, you are innovative, and determined. We offer coaching and personal development, which allows people to grow. It's a great time to come to join us, as we pioneer an exciting new era in transportation.

A16

**EROAD**  [www.careers@eroad.com](http://www.careers@eroad.com)  [careers@eroad.com](mailto:careers@eroad.com)

EROAD is a true Kiwi success story in the tech sector! We are represented on the NZX and ASX, and recently completed the largest Tech merger in New Zealand's history. We continue to grow rapidly, with 750+ EROADers based in NZ, Australia and the USA. Our purpose is simple – we make roads safer and more sustainable for our customers and other road users. Our sophisticated software and in-vehicle technology ensure that fleet vehicles operate safely and minimise environmental impact.

A3

**TR Group**  [www.trgroup.co.nz](http://www.trgroup.co.nz)  0800 50 40 50

TR Group is a team who loves the heavy transport industry, working together to make a positive difference in people's lives. We are focused on creating an environment filled with purpose through our values of continuous improvement, leadership, and teamwork. If this sounds like you, we are always looking for passionate people to join us! Talk to us about starting your career at TR! Visit our website or give us a call.

**DID YOU KNOW?...The transport sector employs roughly 108,000 people in New Zealand and there are 15,400 enterprises in the Industry.**

E1

**Sime Darby Motors**

 [simecarbycareers.com](https://simecarbycareers.com)

*The only group in the country to support the transport industry value chain from end-to-end. We offer career opportunities across a wide range of roles, from diesel technicians to parts, sales, management, and more.. Join us and your career will be supported by a professional in-house training team, identifiable career pathways and opportunities for growth across our business portfolio.*

A14

**Palfinger New Zealand**

 [simecarbycareers.com](https://simecarbycareers.com)

*New Zealand's best-selling truck mounted crane. Join this team and you'll work with some of the most innovative crane technology in New Zealand. Epsilon cranes used by the logging industry, marine cranes, hook loaders for recycling, tail lifts for trucks – and more.*

E1

**Transpecs**

 [simecarbycareers.com](https://simecarbycareers.com)

*Transpecs Sells fabricated components to New Zealand's trailer builders. The sole supplier of the majority of premium trailer components in the country, Transpecs also has a team of braking specialists that travel around the country programming truck and trailer braking systems to 'talk' to each other.*

E1

**Transport Wholesale Ltd (TWL)**

 [simecarbycareers.com](https://simecarbycareers.com)

*TWL supplies over 35,000 parts and equipment for heavy and light transport customers, plus retail through 19 branches around the country. TWL works closely with sister company, Transpecs. Supplying quality parts goes hand-in-hand with setting truck and trailer units up precisely for load weight and function.*

E1

**HYSTER**

 [simecarbycareers.com](https://simecarbycareers.com)

*From container handling to electric forklifts in distribution centres and warehouses, Hyster has been supplying tough trucks for materials handling applications for 75 years. Our mobile team of 60 techs work at ports and customer sites with 14 branches and depots across New Zealand.*

**E1****VOLVO** [simedarbycareers.com](mailto:simedarbycareers.com)

Premium European truck brand and market leader in safety, innovation, and sustainability. With a full range of electric and hydrogen fuel cell trucks on the way, Volvo Trucks is a brand that's positioned for a sustainable future.

**V O L V O****E1****HINO** [simedarbycareers.com](mailto:simedarbycareers.com)

The comprehensive Hino range provides a truck for every job and makes this brand a universal workhorse in New Zealand fleets. A high volume, high output brand which leads market share for Japanese trucks.

**E1****MACK** [simedarbycareers.com](mailto:simedarbycareers.com)

This iconic American-style truck has been supporting Kiwi businesses in New Zealand for 50 years. The bulldog of our truck brands, Mack is ready for the toughest conditions and support customers in the quarrying, forestry, concreting, and heavy haulage sectors.

**E1****Truckstops** [simedarbycareers.com](mailto:simedarbycareers.com)

New Zealand's largest truck aftersales provider, keeping our customers' trucks on the road. Working out of 20 locations from Whangarei to Invercargill. Truckstops teams specialise in servicing SDMNZ premium truck brands, providing scheduled servicing, parts, and 24/7 breakdown support.

**B6****Steelbro** [steelbro.com](mailto:steelbro.com) [paulmckenzie@steelbro.com](mailto:paulmckenzie@steelbro.com)

Steelbro is a world leader in the design and manufacture of container handling equipment. The Steelbro Sidelifter is designed, manufactured, and assembled at our Wigram-based Head Office and workshop. The Steelbro team comprises specialist technicians, Engineers, and fabricators. We are looking for a smart confident apprentice with pre trade skills in mechanical or general engineering. We are offering an apprenticeship in General engineering.

**A10****NZI Fleet Fit** [nzi.co.nz/industries/transport](mailto:nzi.co.nz/industries/transport)

Interested in the safety side of transport? Stop by the NZI Fleet Fit stand and find out about the following career pathways:

- Creating or enhancing culture in a workplace – talk to Kelly (Success Formula)
- Fatigue management and creating healthier workplaces – talk to Rachel (Fit for Duty)
- Utilizing data to make fleets more efficient – talk to Gareth (CCS Logistics)
- If driver training is your thing, AutoSense is always on the hunt for simulation training managers. Talk to Charles (AutoSense)
- Or, interested in a career in insurance – then our NZI team can help you with that

# DID YOU KNOW?...The Impact of Clean Diesel Technology:

Emissions from 60 of today's trucks = Emissions from 1 Truck in 1988

B11

## Transport South Island (TSI) Logistics

TSI Logistics is a leading South Island Transport Operation that has a large modern fleet of trucks delivering to retail supermarkets across the South Island on a daily basis. Our internal driver development program offers employees full training to graduate from a class 1 car licence through to class 5 truck licence. The opportunities of upskilling and being mentored as a professional driver in all vehicle classes are endless with TSI Logistics.

[careers.foodstuffs-si.co.nz](https://careers.foodstuffs-si.co.nz)
