# Welcome to the 2020 TMC Trailers Trucking Industry Show

This is the fourth show that NZ Trucking Association has organised and it is a whopper. Double the show space, heaps more exhibitors than 2018, new product launches, the introduction of industry competitions, working displays, and Careers Transport are just a few attractions in store for visitors.

We are delighted to introduce the TR Group New Zealand Truck Driving Championships that will be held at the show to find New Zealand's truck driving champions. We look forward to seeing drivers from all over New Zealand compete for one of the six prizes up for grabs. This is an important showcase of the skill that is required to drive a heavy vehicle, which is not often celebrated or promoted to the public.

The show is all about celebrating those that keep the trucks moving – from the drivers to mechanics and suppliers. It is time to get together and celebrate a job well done. This is now an unmissable event in the road transport calendar.

Lots of things are happening, so make sure you check the event schedule and plan to be here for the whole day. I would like to take this opportunity to thank the NZ Trucking Association's team of Rebecca Dinmore, Carol McGeady and Cheryl Ladds, who have worked extremely hard to organise and run the show.

**Enjoy and please give us your feedback.**

# EVENT SCHEDULE

FRIDAY 20th MARCH – Trade Day, free entry

Gates open 9.00am – 5.00pm.

Entry to the Showgrounds is off Curletts Road

TIME	ACTIVITY NAME	DESCRIPTION	LOCATION
9.00am – 1.00pm	Careers Transport 2020	Careers showcase. All participants will be given a show map highlighting the participating exhibitors and where their stands are located. There will be career guides located around the venue to assist. The showcase gives high-school students and adults looking for a new career or pathway change a great opportunity to learn about various roles within the industry. One cool attraction is the Hilton Haulage dispatch display; the company will run its dispatch centre from the inside of one of its trailers throughout the event. It will end at 12:30pm with a complimentary BBQ.	All around the event, at participating show exhibitor stands.
9.00am – 5.00pm	Industry Trade Day	This is an opportunity for exhibitors to invite and host customers on a quieter day. Entry is free on this day.	
9.00am – 5.00pm	TR Group New Zealand Truck Driving Championships Heats	After a relaunch of the competition, this will now take place over the two days at the show. Friday is a day for heats. There are three competition areas: Class 2, Class 5 Truck and Trailers, and Class 5 tractor-semi. Grandstands will be set up for optimum spectator viewing. The competition heats consist of a theory test, pre-trip inspection and 10 minute manoeuvring course. The top six finalists from each category will be announced on Saturday morning and finals will take place on Saturday afternoon.	EROAD Class 2 Competition area
9.00am – 5.00pm	Heartland Bank Lawn	A great chillout zone with music, seating, the Monstavision big screen and food court.	
9.00am – 5.00pm	Free Kids Activities	For any kids that come along on the Friday, there will be: <ul style="list-style-type: none"> <li>• 22m mega bouncy truck</li> <li>• Tyre obstacle course</li> <li>• Safety MAN Road Safety Truck</li> <li>• Road Metals Sand Pit</li> <li>• Spring-free Trampolines</li> </ul>	Kids Zones around the show.
9.00am – 5.00pm	Yogi – Outback Truckers	Visiting from Australia and featuring on Outback Truckers, Yogi will be our trucking celebrity walking around the show. His T-shirts will also be available to buy from the show shop.	
9.00am – 5.00pm	Have Your Say Collaboration Tent	Visit the Collaboration Tent and have your say. What is priority for you and your business? Key issues/topics will be displayed around the room, so come in and vote or add further feedback. Results will be collaborated and presented after the show. Representatives from NZTA, CVST and RTFNZ will also be at the show and available to chat.	Inside the NZ Trucking Association Show Office.
9.00am – 5.00pm	Exhibitor Displays	Over 80 trade exhibitors and show sponsors displaying their products and services. Watch out for some new product launches and amazing interactive displays!	
5.00pm – 7.00pm	Exhibitor Networking Function	Thanks to NZ Trucking Magazine there will be a complimentary drinks and BBQ for exhibitors. A great networking opportunity and chance to catchup with everyone.	Based from the NZ Trucking Association Show Office.
5.00pm – 7:30pm	Early-bird Truck Parking	A chance for show & shine trucks to enter early.	Entry off Curletts Road.

With our industry-leading Ehubo2 device facing drivers inside the cab, providing useful information they can action while they're driving, it's easy for them to comply with the compliance, health and safety, fleet management, and other performance gains your business is after.

Ehubo2 is super-easy to use, with colour coded feedback and audible alerts that encourage drivers to adopt safer driving habits. It alerts drivers when they should take a break, reduce speed, and when they're harsh braking, and makes communicating with home-base a breeze.

EROAD pioneered the technology to help you reduce transport red-tape and other paperwork, make your operations more effective, and streamline efficient compliance with government regulations and reporting.

We're 100% confident our award-winning products and services will help you:

- Improve driver safety
- Reduce driving costs
- Provide reliable compliance reporting
- Manage vehicle fleets of any shape or size

## IVECO

Iveco Trucks New Zealand is the importer and distributor of Iveco light, medium and heavy commercial vehicles for the NZ market.

Iveco NZ came about with the purchase in of International Trucks NZ in 1992 by International Trucks Australia Ltd, wholly owned by Iveco SpA which is part of the Fiat Group based in Turin, Italy. The company name was changed to Iveco Trucks NZ in 2000.

Iveco NZ sources vehicles from the Iveco manufacturing plant in Dandenong, Australia which, since 1952 has produced more than 230,000 truck and bus chasis. Today, this factory manufactures ACCO, Powerstar, Stralis-AS-L and AD/AT models and bus chasis. In addition, IVECO NZ imports its Daily light commercial range, Eurocargo and Stralis ATi models from Iveco plants throughout the world. 2020 is a big year for Iveco with the launch/release of X-way into the NZ market, along with the Daily 4x4 – watch the space.

Commercial Vehicle Centre Ltd (CVC) are one of the longest serving 100% South Island owned specialist truck and road transport equipment sales and service providers, with branches in Nelson, Christchurch, Dunedin, and Invercargill, who are turning 35 years old this year.

CVC are probably best known for the UD brand of trucks we sell and service South Island wide, which we have done for the whole of the last 35 years. CVC also sell and service the Hyundai brand of trucks South Island wide, along with the International, DAF, Kenworth, MAN, and WesternStar trucks we are authorised parts and service providers for.

CVC pride ourselves on being a dynamic company that are well in touch with the transport industry we service. We also pride ourselves on knowing and understanding our customer's needs that sometimes are ever changing due to the nature of the transport industry.

At Sinotruk NZ, we are on a mission to tackle the competition in the heavy vehicle market by providing innovative and high quality products.

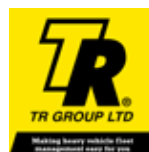

We offer a turnkey solution, as the importer, distributor and dealer, meaning you can literally purchase a truck, get in, drive off and start making money for your company.

Being part of the Modern Transport Group (MTE), means that we can offer you the full solution, whether it be a Road Master Trailer, a MTE heavy haulage trailer, heavy equipment or MTW parts and accessories. Whatever you need, we can provide it.

Currently we have a fleet of Sinotruk's owned by Equipment & Transport Leasing (ETL), MTE's vehicle and machinery lease division being used on the Transmission Gully motorway project. They feature ejector trailers that use hydraulics to push loads off horizontally, providing more stability while unloading compared to conventional tipping trailers.

At Sinotruk NZ, we can provide you with a full solution to completely satisfy any and all needs that your company has. Call us today to start your Sinotruk journey!

## Experience counts

Hammar is the world's leading sideloader brand – that's all we build, and it has been our single focus for more than 45 years.

Specialising in Sideloaders only gives Hammar an edge in the market, which ultimately benefits the end user.

Hammar Sideloaders are designed and built to last, using premium quality steel and components that offer unique features and maximum payload.

And because we construct sideloaders in New Zealand, we can tailor solutions ideally suited to customer needs – indeed, models like the Hammar 110 were designed with New Zealand in mind. We are 100% dedicated to the New Zealand market and our unique ability to combine the best of Swedish and New Zealand technology and experience results in the ultimate range of sideloaders.

Whatever Hammar model a customer selects, they know they can rely on these qualities:

- Maximum Lift & Performance
- Maximum Life Span
- Maximum Value

Hammar – proudly made in New Zealand

## Leaders in trailer manufacturing

**F**ruehauf is a name that has been associated with quality, craftsmanship and dedication to excellence since its establishment in the United States in the late 1800s. Under the 10 year, management of Phil Watchorn and Jeff Mear, Fruehauf NZ Ltd has become a New Zealand leader in the manufacture of road transport equipment for both trailers

and truck bodies. The innovative approach to the industry and by working closely with NZTA Fruehauf NZ Ltd has introduced some highly successful products to the industry including:

- Specialised chicken trailer
- Walking floors
- Libner curtainslider
- Specialised B Train Skeletal

Our latest introduction to the New Zealand market has been the Fruehauf/Schmitz Cargobull refrigerated Trailer. The trailer has been very well received by the market place and is maintaining strong growth in the industry. Both Feilding and Auckland have a Service and repair workshop for all our customers needs from small jobs to large.

### Testimony

Can you please let all your men know that I thank them for the perfect trailer and truck body build. I have now had this unit on the road for over a week now. The trailer tows perfect and the loading/unloading makes my nights more enjoyable. I thank your men for the skill, dedication and eye for details they have put into making this unit. I am really looking forward to picking up the second unit soon. Again thank them very much for a job well done! – **Kerry Scott**
